## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments filed 11/3/05 have been fully considered but they are not persuasive. Applicant essentially argues that the fibers are not "microcrystalline cellulose" and that microcrystalline cellulose is derived from cellulose fibers, therefore microcrystalline cellulose are not the same as cellulose fibers. The examiner disagrees with applicant assessment in that there is no specific definition of the term fiber in the specification therefore the microcrystal cellulose taught by the reference having rod-shape particle with dimensions of 1500 A x 150 A x 100 A is corresponded to the claimed cellulose fiber having an average length of from about 1 micron. Regarding the material itself, the claimed cellulose does not exclude cellulose being in microcrystalline form. Thus there is no patentable distinction between the claimed cellulose fiber and the microcrystalline cellulose having shape similar to the fiber claimed by the applicant.
2. For the reason above the rejection in the previous office action is maintained. Claims 1-7 are rejected under 35 U.S.C. 102(b) as being anticipated by Jones et al. The rejection was made in the previous office action and is incorporated herein by reference.

### ***Conclusion***

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
